Welcome to the first *Empowering Women NSB Signature Event!*
The theme of this event is: “*Thriving through Transitions!*”

Empowering Women addresses topics and themes important to women and families, centering the stories and experiences of women. *Empowering Women*'s mission is to build community, discuss current women's issues, and responsively connect resources. We do so, primarily, by hosting live events, including *Signature Events & Salon Style gatherings*. Our live-studio-audience events engage women from many backgrounds and chosen paths - including those running businesses of all sizes, raising families, caregiving elder parents, and/or on the threshold of one of life's many transitions. All networking together: our featured guests, our sponsors and our attendees.

Historically, *Empowering Women TV* has hosted in-studio interviews and online gatherings featuring local *Empowering Women*, in addition to our in-person events. We also host collaborative retreats, seminars, workshops and fundraising concerts.

Empowering Women is produced by *Marie Manning Productions* and *TV for Your Soul*. We are honored to support *Melusine's Haven* as our fiscal sponsor.

Stay tuned for our next NSB event:
